INDEPENDENT AUDITORS' REPORT

To: The Mayor and Members of Council of
the Town of Turner Valley

We have audited the accompanying consolidated financial statements of the Town of Turner Valley which comprise the consolidated statement of financial position as at December 31, 2012, and the consolidated statements of operations, change in net financial assets and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Town of Turner Valley as at December 31, 2012 and the results of its operations, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Emphasis of matter

We draw attention to note 14 to the consolidated financial statements which describes the amendments made to the prior year's figures. Our audit opinion is not qualified in respect of this matter.

MANAGEMENT REPORT

The consolidated financial statements are the responsibility of the management of the Town of Turner Valley.

These consolidated financial statements have been prepared from information provided by management. Financial statements are not precise since they include certain amounts based on estimates and judgments. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly, in all material respects.

The Town maintains systems of internal accounting and administrative controls that are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and that the Town's assets are properly accounted for and adequately safeguarded.

The elected Council of the Town of Turner Valley is responsible for ensuring that management fulfils its responsibilities for financial statements. Council carries out its responsibility principally through the committee of the whole.

The Council meets annually with management and the external auditors to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, and to satisfy itself that each party is properly discharging its responsibilities. Council also considers the engagement or re-appointment of the external auditors. Council reviews the monthly financial reports.

The consolidated financial statements have been audited by Young Parkyn McNab LLP, Chartered Accountants, the external auditors, in accordance with Canadian generally accepted auditing standards on behalf of the Council, residents and ratepayers of the Town. Young Parkyn McNab LLP has full and free access to the Council.

TOWN OF TURNER VALLEY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended December 31, 2012

1. Significant accounting policies

The consolidated financial statements of the Town of Turner Valley are the representations of management prepared in accordance with generally accepted accounting principles for local government established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by the Town are as follows:

(a) Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenue and expenses, changes in fund balances and change in financial position of the reporting entity which comprises all of the organizations that are owned or controlled by the Town and are, therefore, accountable to the Council for the administration of their financial affairs and resources.

Taxes levied also includes requisitions for educational, health care, social and other external organizations that are not part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances are eliminated.

(b) Basis of accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

(c) Inventories for resale

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping, and leveling charges. Related development costs incurred to provide infrastructure such as water and waste water services, roads, sidewalks, and street lighting are recorded as physical assets under their respective function.

(d) Investments

Investments are recorded at amortized cost. Investment premiums and discounts are amortized on the net present value basis over the term of the respective investments. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

TOWN OF TURNER VALLEY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended December 31, 2012

1. Significant accounting policies, continued

(e) **Prepaid local improvements charges**

Construction and borrowing costs associated with local improvement projects are recovered through annual special property assessments during the period of the related borrowing. These levies are collectible from property owners for work performed by the Town.

Where a taxpayer has elected to prepay the outstanding local improvement charge, such amounts are recorded as deferred revenue. Deferred revenue is amortized to revenue on a straight-line basis over the remaining term of the related borrowings.

In the event that the prepaid amounts are applied against the related borrowing, the deferred revenue is amortized to the revenue by an amount equal to the debt repayment.

(f) **Requisition over-levy and under-levy**

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

(g) **Government transfers**

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

(h) **Use of estimates**

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(i) **Non-financial assets**

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated Change in Net Financial Assets for the year.

TOWN OF TURNER VALLEY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended December 31, 2012

1. Significant accounting policies, continued

(i) **Tangible capital assets**

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	Years
Buildings	50
Engineered structures	30-65
Machinery and equipment	10-25
Vehicles	10-25

One-half of the annual amortization is charged in the year of acquisition and no amortization is charged in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(ii) **Contributions of tangible capital assets**

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

(iii) **Leases**

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

(iv) **Inventories**

Inventories of materials and supplies for consumption are valued at the lower of cost and net realizable value with cost determined by the average cost method.

2. Cash and temporary investments

	\$ 5,197,197	\$ 5,056,570	\$ 4,794,319

14. Prior period adjustment

The prior year's revenues have been adjusted to defer \$87,810 of Rural Communities Adaptation grant program funding. The net effect of this adjustment is an increase in deferred revenue of \$87,810, a decrease in accumulated surplus as at December 31, 2011 and a decrease in the excess of revenue over expenses for the ended December 31, 2011 of \$87,810.

15. Debt limits

Section 276(2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the Town be disclosed as follows:

	2012	2011
Total debt limit	\$ 7,222,557	\$ 6,391,166
<u>Total debt</u>	<u>1,906,179</u>	<u>2,021,467</u>
	\$ 5,316,378	\$ 4,369,699
Debt servicing limit	\$ 1,203,760	\$ 1,065,194
<u>Debt servicing</u>	<u>196,124</u>	<u>196,124</u>
	\$ 1,007,636	\$ 869,070

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities which could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

16. Salary and benefits disclosure

Disclosure of salaries and benefits for elected municipal officials, the chief administrative officer and designated officers as required by Alberta Regulation 313/2000 is as follows:

	(1) Salary	(2) Benefits & allowances	2012	2011
Council				
Mayor Tuck	\$ 20,962	\$ 827	\$ 21,789	\$ 22,031
Councillor Fluter	12,123	1,247	13,370	16,464
Councillor Williamson	11,627	412	12,039	10,934
Councillor Park	9,123	373	9,496	8,251

Administrator - M.D. of Foothills	78,400	-	78,400	48,853
Administrator - Transitional Solutions Inc.	\$ -	\$ -	\$ -	\$ 49,140

(1) Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.

(2) Benefits and allowances include the employer's share of all employee benefits and contributions or payments made on behalf of employees including pension, health care, dental coverage, vision coverage, group life insurance, accidental disability and dismemberment insurance, long- and short-term disability plans, professional memberships, and tuition.

Benefits and allowances figures also include the employer's share of the costs of additional taxable benefits including special leave with pay, financial planning services, retirement planning services, concessionary loans, travel allowances, car allowances, and club memberships.

17. Segmented disclosure

The Town provides a range of services to its ratepayers. For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements disclosed in note 1.

Refer to the schedule of segmented disclosure (schedule 3).

18. Comparative figures

Where necessary the comparative figures for the 2011 year have been reclassified to conform with 2012 financial statement presentation.

19. Commitments and contingencies

The Town of Turner Valley is a member of the Alberta Municipal Insurance Exchange (MUNIX) which provides liability insurance. The investment in this program is not reflected as an asset in the accompanying financial statements.

Under the terms of membership, the Town could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

20. Financial instruments

The Town of Turner Valley's financial instruments consist of cash and temporary investments, trade and other receivables, taxes and grants in place of taxes receivable, accounts payable and accrued liabilities, deposit liabilities, capital lease obligations and long-term debt. It is management's opinion that the Town is not exposed to significant interest or currency risk arising from these financial instruments.

The Town of Turner Valley is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the Town provides services may experience financial difficulty and be unable to fulfil their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

21. Approval of financial statements

These financial statements were approved by Council and Management.

22. Budget amounts

The 2012 budget for the Town was approved by Council and has been reported in the consolidated financial statements for information purposes only. These budget amounts have not been audited, reviewed, or otherwise verified. The budget as originally approved contained expenses for capital additions, debt repayments and fund transfers. Since these items are not included in the amounts reported in the consolidated financial statements, they have been excluded from the budget presented in these financial statements.
