

Crescent Point

The Crescent Point Community Foundation

Crescent Point Energy Corp (“Crescent”) and the Town of Okotoks are pleased to announce the formation of The Crescent Point Community Foundation (the “Foundation”), a non-profit organization created to benefit the communities where Crescent Point operates within the Sheep River and Highwood River drainage areas. The mission of the Foundation is to assist with funding projects aimed at promoting education, health, recreation and the environment in the communities in which Crescent Point does business.

Specifically the Foundation is targeting:

- Education – by supporting community organizations that promote the education of children and youth in the community and providing educational scholarships and bursaries.
- Health and Well-Being – by supporting community organizations that promote health and wellness, contribute to the prevention of illness or injury and enhance health care and emergency services, with a particular emphasis on children and youth in the community.
- Sport and Recreation - by supporting community organizations dedicated to enhancing the physical and social well-being of the community.
- Environment – by supporting community organizations whose efforts to care for and protect the environment further the goals of Education, Health and Wellbeing and Sport and Recreation described above.

The Foundation has formed an advisory committee with representatives from the Towns of Okotoks, Black Diamond and Turner Valley, the Village of Longview and the MD of Foothills.

These members will assist the Foundation in achieving its goals by identifying needs and concerns within these communities as well as identifying community initiatives for funding that meet the Foundation’s mission.

If you or your organization is interested in receiving funding please review the attached and complete the form as required. All completed forms must be returned to your municipal office and made to the attention of your community representative identified at the end of the application form.

Steering Committee members will then bring the applications in front of the Foundation Board of Directors for review and consideration. Successful applicants will be notified.

Please ensure that both the application and supplementary information parts of the application are completed and include all contact information.

Depending on the size or complexity of the funding request proponents may be requested to make representation of their proposal in front of the Board at a scheduled meeting.

If you have any questions, please contact your area representative.

Sincerely,

The Crescent Point Community Foundation
